

## **2 Cs and a BEE BEEKEEPING ASSOCIATION**

[www.ccbee.org](http://www.ccbee.org)

***“Encompassing Blair, Cambria and Clearfield counties and including beekeepers from around the state and region who share our common goals.”***

2 Cs and a Bee was founded in 1987 to unite the beekeepers of the 3 counties. It includes beginners and longtime beekeepers, hobbyists, sideliners and commercial operators and now has members from surrounding counties. It is possible for a beginner to find an experienced member, living in their area, willing to help in the first stages of beekeeping.

### **Our Objectives**

The advancement and improvement of the beekeeping industry and the state inspection

The eradication of diseases in all apiaries

The disbursement of knowledge regarding the value of the honeybee as a pollinating agent

The value of honey as a food

### **Meetings**

Meetings are held monthly, March – December, including a picnic in the summer, an annual banquet with elections in November and a Christmas social in December. Meetings include some aspect of beekeeping, often with practical demonstrations.

### **We welcome visitors to all our meetings**

We also have a display unit we use in local farm shows and county fairs to promote the honeybee.

**Membership is open to anyone who is in sympathy with the purposes and objectives of the association.**

~ ~ ~

Dues are payable in January and effective January 2. New members joining after September 1 and paying full dues, will be considered paid in full for the following year. Members receive a monthly newsletter (March-December), which can be mailed or e-mailed, as you prefer (except for November, which is distributed to those present at the banquet).
